• 11. Criminology

- University College Cork
- **419** points
- **3 - 4 years**
- **Overview:** This is a research-driven, interdisciplinary programme that delivers an international body of knowledge, as well as research skills and critical thinking. Criminology provides a strong intellectual background for anyone thinking of working in culturally sensitive areas such as policing, prisons, social work, journalism, politics, research, care, health and justice agencies.

• 12. International Development

- Maynooth University
- **300** points
- **3 Years**
- **Overview:** As a student of International Development in the Bachelor of Arts degree you will explore issues such as globalisation, climate change, food security, poverty, conflict, disasters and other humanitarian emergencies, human rights, health, education, gender, inequality and empowerment, from an international development perspective.

• 13. Law (LL.B.)

- TU Dublin - Grangegorman
- **420** points
- **3 Years**
- **Overview:** Many LLB graduates pursue a career as a solicitor or a barrister, but these professions are not the only option. The analytical and problem-solving skills developed in a law degree are valuable in a range of businesses. Law graduates also find employment in the civil and public service, as well as the NGO sector, where their legal knowledge and critical thinking skills are particularly useful. Certain subjects are considered essential to the study of law, such as Contract Law, Property Law, Criminal Law and European Union law.

• 14. Music Technology

- Maynooth University
- **300** points
- **3 Years**
- **Overview:** Studying Music Technology is opportunity to combine Music Technology with Music, Computer Science and a wide range of other disciplines. You gain hands-on experience of the practical skills involved in music technology while learning about essential concepts.

• 15. Multimedia, Mobile and Web Development (through Arts)

- Maynooth University
- **349** points
- **4 Years**
- **Overview:** Study all the essentials of computing and software for mobile apps and websites, as well as key areas in mathematics, a major project and a six month placement in industry. Enjoy the huge benefit of studying another Arts subject with Computer Science in first year. This lends graduates a wider frame of reference.

• 16. Fine Art

- TU Dublin - Grangegorman
- **701** points
- **4 Years**
- **Overview:** The BA in Fine Art is designed for students who wish to work as cultural producers in the Fine Art sector. The course is focused primarily on acquiring the knowledge and skills that are needed to operate as a visual artist in a competitive environment, nationally and internationally. There's a strong emphasis on developing skills acquisition, creative intelligence and conceptual and critical thinking abilities, which are integrated with modules in Critical Theory and Professional Practice.

• 17. Social Science

- University College Cork
- **400** points
- **3 Years**
- **Overview:** The Bachelor of Social Science degree (BSocSc) studies the social, cultural, psychological, political, and economic influences that shape the world we live in. Over the course of three years, Social Science students develop highly valuable skills - including argumentation, problem-solving, critical thinking, writing, analytical, and research skills - that enable them to flourish as learners, people, professionals, active citizens, advocates, and activists.

• 18. Psychology

- National College of Ireland
- **385** points
- **3 Years**
- **Overview:** This degree offers a solid grounding in all the core areas of psychology including cognitive psychology, personality and individual

differences, lifespan development, social psychology, research methods and biological psychology, as well as specialised topics such as workplace psychology and cyber-psychology.

- **19. Psychology and Computing**

- University College Cork
- **409 points**
- **3 Years**
- **Overview:** The BA in Psychology and Computing is a degree in which psychological research, theory, and knowledge is applied to a context of increasing importance to the modern world - the design, development, evaluation, and critical engagement with the technology and systems that increasingly surround us.

RECOMMENDATION SET 2

- **0. Archaeology**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** If you study Archaeology, we can promise you that you will see the world, time and the human condition in an entirely new way. It is a discipline that explores the past by applying the methods of both the arts and the sciences. Through undertaking Archaeology as a degree, you will learn how to assess, explain and make connections between different types of evidence that will allow you to develop a deeper understanding about the past. Through exploring the past in this way, you will also develop practical skills valued by employers, such as report writing, teamwork, presentation, communication and analytical skills. Archeology can be studied as a Joint Major or Minor subject through DN520, alongside Art History and Classics as part of DN530 or as a Joint Major or Minor through DN700.

- **1. Art History**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** Art History is for you if you have an interest in different aspects of visual culture whether that is painting, sculpture and architecture or the modern visual art forms of photography, film and performance. This degree course covers a broad range of topics including the history of painting, sculpture and architecture from ancient Greece to modern times. Focus on topics such as early Irish art, the painters of the Italian Renaissance, the great gothic cathedrals of Europe and the artistic achievements of the 20th century. Art History can be studied as a Joint Major or Minor subject through DN520, or alongside selected additional subjects as part of DN530.

- **2. Celtic Civilization**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** The Celtic Civilisation course focuses on the cultures of the Celtic-speaking peoples in Ireland, Britain and beyond. It encompasses diverse elements in folklore, literature, history to allow students to pursue particular fields of interest. This gives students the opportunity to acquire a broad overview of the cultures of the Celtic-speaking peoples and also to develop more specific areas of expertise. Many of the Celtic Civilisation modules are good choices as electives for those interested in Celtic culture in Ireland and beyond.

- **3. Classics - Greek & Roman Civilisation**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** Greek & Roman Civilisation explores the Classical World, through history, literature, art, archaeology, mythology and philosophy. You do not need any previous knowledge of the subject, nor will you have to learn the ancient languages. Latin and Greek allow you to either learn a language from scratch or to develop your existing knowledge. Learn to read works by authors such as Cicero, Homer, Plato, Sophocles and Virgil, in their original languages.

- **4. Drama Studies**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** Drama Studies is for students who are interested in learning about theatre and performance in theory and practice. Drama Studies has a range of modules that bring together scholarly, creative, and practical "on-your-feet" tasks and assignments. Drama Studies educates students in the history and practices of theatre and performance, in current theoretical methods and approaches to research and analysis of theatre and performance, and in a wide range of generic, historical, national and international traditions.

- **5. Education - Early Childhood Education**

- Dublin City University
- **420 points**
- **4 Years**
- **Overview:** Do you want to make a difference to the lives and educational futures of young children? Then follow your passion and explore early education with an internationally-recognised team of academics and researchers in DCU. This course will prepare you for a highly rewarding career, educating and supporting young children during a vital time in their development. The Bachelor of Early Childhood Education (BECE) prepares you for work as a professional in a variety of early childhood educational settings, from preschools and creches, to child and family support programmes and it equips graduates to work with children of all needs. The BECE enables graduates to follow a career in a range of voluntary and statutory organisations that work on behalf of children and families.

- **6. English**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** Study English at UCD if you are an enthusiastic reader, writer and thinker who loves literature. Strengthen your understanding of narrative, poetic and dramatic forms. Enlarge your critical vocabulary and historical awareness. Explore how the study of literature intersects with questions of gender, politics and cultural theory. Learn how to research a topic, evaluate evidence and present your ideas in a cogent, elegant fashion.

- **7. Film Studies**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** Media literacy is a vital 21st century skill and the cultivation of such literacy stands at the centre of this degree path. Students are encouraged to make connections between literary, cinematic and televisual forms, to deepen their knowledge of screen cultures and, in particular, to ask serious questions about how representation, culture and politics interrelate. If you have a passion for media, this degree provides a unique opportunity for you to acquire key interpretive skills and hone your ability to make critically reasoned arguments. Film Studies will give you the tools to better understand how all the things we think of as entertainment actually create the world in which we live.

- **8. French**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** French is both a European and global language whose cultural and economic importance is projected to grow substantially in the coming decades. Studying French at UCD equips you for a diverse and varied workplace. You will explore the language and cultures of France and other French speaking countries around the globe. You will also enhance your cultural awareness, intellectual flexibility, communication skills and critical thinking.

- **9. Geography**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** Geography involves the study of subjects such as the impact of societies on the quality of the environment; geographical approaches to the study of world population; climate change; migration; the relationship between culture, landscape transformation and politics. No prior knowledge of geography is assumed. Geography can be studied as a Joint Major or Minor subject through DN520 or DN700, or as part of selected courses in DN700.

- **10. German**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** The course aims to give you a high degree of proficiency in the language and also exposes you to the rich arts, culture and history of the German-speaking countries. In First Year, two streams are offered, one for absolute beginners, and another for non-beginners. For the non-beginners' level a minimum grade of H4 in Leaving Certificate German, or equivalent is strongly recommended. Students may opt for a three year degree programme or choose to spend an additional year abroad and qualify with a BA (International). German can be studied as a Joint Major or Minor subject through DN520, as a Minor subject through DN700 or alongside selected additional subjects as part of DN530.

- **11. Greek**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** As so much of European culture looks back to Classical Antiquity, studying Classics will give you insights not just into the ancient past but also into the ideas and texts that shaped the present. Three subjects are offered within the BA degree, which you can take separately or combine: Greek & Roman Civilisation Latin Greek Greek & Roman Civilisation explores the Classical World, through history, literature, art, archaeology, mythology and philosophy. You do not need any previous knowledge of the subject, nor will you have to learn the ancient languages.

- **12. History**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** History is the pursuit of how we got here and the stories that we tell ourselves to explain the past. Working from ordinary to extraordinary, local to global, fact to fiction, you'll develop critical thinking, argument and analysis skills that lie at the heart of careers in media, government, culture and education. You will study Irish, European, and Global History from the medieval to the modern era. You will engage with different aspects of History - political, cultural, social, and economic. You will explore questions and problems, and develop your critical thinking skills and your ability to express your ideas and arguments.

- **13. Information and Communication Studies**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** Information & Communication Studies (ICS) equips you with the knowledge, skills, and tools to help you to make sense of a world where every aspect of human experience is affected by digital technology, media, data, and information in all formats. ICS explores digital information, social media, and communication and analyses their effects on societies, culture, politics, privacy, health, education and the many different spheres of public, private and personal life. Ultimately, ICS is about people, and understanding how people and technology interact and influence each other.

- **14. Irish Folklore**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** Studying folklore involves the exploration of traditional popular culture, in the past and in the present. It is primarily concerned with the history and culture of ordinary people, and with the evolution and role of tradition at a vernacular level. As an academic discipline, Folklore (or ethnology) involves the exploration of oral literature, social tradition, material culture, popular belief and practice, as well as traditional music and song. It explores the dynamics of communal memory and of culture as a collective phenomenon. It looks at the nature of popular tradition and the way in which such tradition is transmitted, usually outside of official channels and often across vast distances of time and space.

- **15. Irish Studies**

- University College Dublin
- **420 points**
- **3 Years**
- **Overview:** Irish Studies is an interdisciplinary programme that examines the variety and diversity of Irish history, society, cultural practice and the complex processes through which Ireland and Irish identities have been constructed.

- **16. Italian**

- University College Dublin
- **420** points
- **3 Years**
- **Overview:** Italian accepts both beginners and non-beginners. Indeed, most of our students are beginners, so if you are thinking of stretching yourself with a new language you'll be in good company! We strongly encourage our students to spend a year abroad as part of their degree. Studying abroad is a valuable experience, which enables you to perfect your language skills and immerse yourself in a different culture. Alternatively, if you wish to study more than one language, with a year abroad consider. you will have the option to spend a year studying in Italy, one of the world's most beautiful and fascinating countries. At UCD you will be immersed in Italian culture, from Dante to contemporary Italian writers.

- **17. Latin**

- University College Dublin
- **420** points
- **4 Years**
- **Overview:** As so much of European culture looks back to Classical Antiquity, studying Classics will give you insights not just into the ancient past but also into the ideas and texts that shaped the present. Three subjects are offered within the BA degree, which you can take separately or combine: Greek & Roman Civilisation Latin Greek Greek & Roman Civilisation explores the Classical World, through history, literature, art, archaeology, mythology and philosophy. You do not need any previous knowledge of the subject, nor will you have to learn the ancient languages.

- **18. Law (LL.B.)**

- TU Dublin - Grangegorman
- **420** points
- **3 Years**
- **Overview:** Many LLB graduates pursue a career as a solicitor or a barrister, but these professions are not the only option. The analytical and problem-solving skills developed in a law degree are valuable in a range of businesses. Law graduates also find employment in the civil and public service, as well as the NGO sector, where their legal knowledge and critical thinking skills are particularly useful. Certain subjects are considered essential to the study of law, such as Contract Law, Property Law, Criminal Law and European Union law.

- **19. Linguistics**

- University College Dublin
- **420** points
- **3 Years**
- **Overview:** Language is something we take for granted but it is one of the most important skills we possess as human beings. It is hard to imagine any activity that does not involve language in some way. This makes linguistics (the scientific study of language) one of the most intriguing and interesting subjects.
